Think you can't sell your home? Get... The Facts

Found your new dream home but worried about selling your old one? Don't worry – Taylor Wimpey can get you moving with our **easymover** scheme!

Even if you haven't sold your existing home, you can still reserve a new Taylor Wimpey home when you choose to use our **easymover** scheme.

Once you have made the decision to use the scheme, we will provide help before you reserve your new home and afterwards, by assisting you throughout the whole buying process.

We will liaise closely with your Estate Agent to arrange a valuation of your property correctly.

We will use our experience in marketing and negotiation skills to ensure that your house is sold quickly.

Once a buyer has been found, our service does not finish there.

We will monitor and assist all purchasers in your 'chain' and endeavour to resolve any difficulties that may occur.

We are at hand throughout the buying process right up to the time that you legally complete and move to your new Taylor Wimpey home.

Talk to our experienced Sales Executives and let us tell you what amazing offers are available.
