Aspext

Keeping you up to date with all the latest neighbourhood news

HERE TO HELP OUR CUSTOMERS

Welcome to our 2020 Cornerstone newsletter for Aspext, bringing you up to date with all the latest news from our developments across the region. We know it's been a difficult few months, and we've been committed to ensuring our developments are safe and our communities are supported during the COVID-19 crisis. Read on to find out more about how we are making things safe, helping customers and supporting the local area.

We were the first UK homebuilder to stop construction on-sites and close sales centres in the wake of the COVID-19 pandemic and the lockdown restrictions. Construction has since restarted, with staff and subcontractors operating under a strict set of health and safety practices, and following Government guidance we started a phased approach to reopening our sales office and show homes across the region from Friday 22nd May.

Our developments across the east of London are now open once more. We have introduced new working guidelines for all sales offices and show homes, designed to protect the health and safety of our customers and employees. These include the installation of Perspex screens and marker guides for social distancing. Show home viewings will be unaccompanied and only one family at a time will be able to view each home.

Our sales and customer service teams have been helping customers remotely through the lockdown period, and we are encouraging all of our customers to maintain contact digitally where possible. Those wishing to visit developments should first call the sales team to book an appointment. You can find out more about our response to the COVID-19 crisis by visiting www.taylorwimpey.co.uk/why-choose-us/staying-safe-during-covid-19.

Emily Gilchrist, Interim Sales and Marketing Director, said: "Reopening our sales offices and show homes is a significant step for both staff and customers. We're not prepared to compromise on health and safety, which is why we are operating our sales offices on a strict appointment-only basis.

"The revised health and safety protocols and guidelines mean that we can operate safely, both on-site and in our sales offices and show homes. Our teams have really got behind the new safety measures and keep telling me how happy they are to be able to welcome customers to our developments once again. They are doing an amazing job and it's lovely to see some of the positive feedback that we have had from customers over the past few months."

Discover life

ON THE EDGE OF THE OLYMPIC PARK

Aspekt brings the best of London life to the edge of the Queen Elizabeth Olympic Park, giving residents access to some of the UK's best leisure facilities. With world-class venues such as Lee Valley VeloPark, the London Stadium and Westfield Stratford City Shopping Centre less than a mile away, there's always something going on.

Aspekt is already one of London's most sought-after addresses and offers an extensive selection of homes.

Providing vital support

TO CARE HOMES ACROSS THE REGION

As part of our work to support communities across the region during the COVID-19 crisis, we recently sent care packages and donations of personal protective equipment (PPE) to two care providers across the region.

Our team procured a range of resources, including face masks and gloves, along with care packages of toiletries, games and food for The Marillac Neurological Care Centre in Brentwood and Evelyn May House in Laindon. Care packages of toiletries, games and food for seven other care homes in the county were also provided. The team also donated an iPad to Evelyn May House, allowing residents to keep in touch with loved ones.

Paul Dixon, Managing Director at The Marillac Neurological Care Centre said: "We're so grateful to Taylor Wimpey East London for this kind donation and for their support in the current climate. Our staff work incredibly hard every day to ensure that our residents are healthy, happy and safe, so this donation of vital equipment along with the care package is a huge boost to us in such a difficult time."

Sarah Smith, Home Manager of Evelyn May House, said, "On behalf of all staff and residents at Evelyn May House, I would like to express our heartfelt gratitude to Taylor Wimpey. The iPad has enabled families to keep in touch via video calling and the various games and puzzles help to keep everyone interacting and occupied during this difficult time. Additionally, the PPE and toiletries were very much appreciated too. From the bottom of our hearts, thank you for your support."

WE HELP HACKNEY RESIDENTS COOK UP A STORM

Earlier this year our team helped a community cookery group provide Hackney residents with the skills to cook healthy plant-based meals.

Made In Hackney is a community kitchen that educates local residents in creating healthy, sustainable and affordable food. Run by a team that is passionate about the environment, the classes are plant-based and help equip participants with the skills they need to create a range of affordable and nutritious meals.

We donated £500 towards a new cooker at Made in Hackney's community kitchen, which was used in their cookery classes prior to the COVID-19 pandemic.

Sarah Bentley, Founder and Project Director at Made In Hackney, said: "We're so grateful to Taylor Wimpey for their kind donation which went towards a brand new oven in our community kitchen. We had been using the oven in our cookery classes, which have been on hold since the COVID-19 outbreak but are very much looking forward to putting them to good use once more, when it is safe to do so."

OUR SITE MANAGER SHOWS *pride in the job*

Our site manager at Aspext has been recognised for his dedication to quality housebuilding with a top industry award.

James Lawton is among four winners of the National House-Building Council (NHBC) Pride in the Job Quality Award from our East London business unit.

Other winners from the business unit are Ryan Dunn, who oversees work at the Aspyre development in Chelmsford, Charlie Barbara at Gilden Park in Harlow, and Andy Jobson, based at Handley Gardens in Maldon.

The awards recognise an individual's dedication to building high-quality homes and are presented following a rigorous judging process. This includes assessing the developments throughout the year, reassuring buyers that we deliver top-quality homes and excellent customer service.

Peter Sebry, Production Director, said: "We're delighted to have four Quality Award winners this year. It's a fantastic honour for each of the site managers, but also speaks volumes of the work that our site teams do across our developments. They all work incredibly hard and take great pride in ensuring that the homes we build are completed to the highest possible standards.

"We are committed to maintaining the highest levels of quality and customer service, and this recognition has ensured that we continue to be an NHBC award-winning housebuilder year after year. Our team's Quality Awards are all thoroughly deserved and we'll all be supporting them as they progress through to the regional stage and hopefully to the grand final later this year."

SUPPORTING CARE WORKERS WITH A **DISCOUNT ON NEW HOMES**

As a thank you for their efforts during the COVID-19 pandemic, we are offering a special 5% discount off the purchase price of a home to NHS and other care support workers.**

On top of the 5% discount, and to help personalise the new homes, we'll also include fitted carpets for living areas and fitted vinyl flooring for all kitchens, bathrooms, cloakrooms and en-suites.

For more information, please visit www.taylorwimpey.co.uk/ways-to-buy/care-worker-discount.
