Designed around you

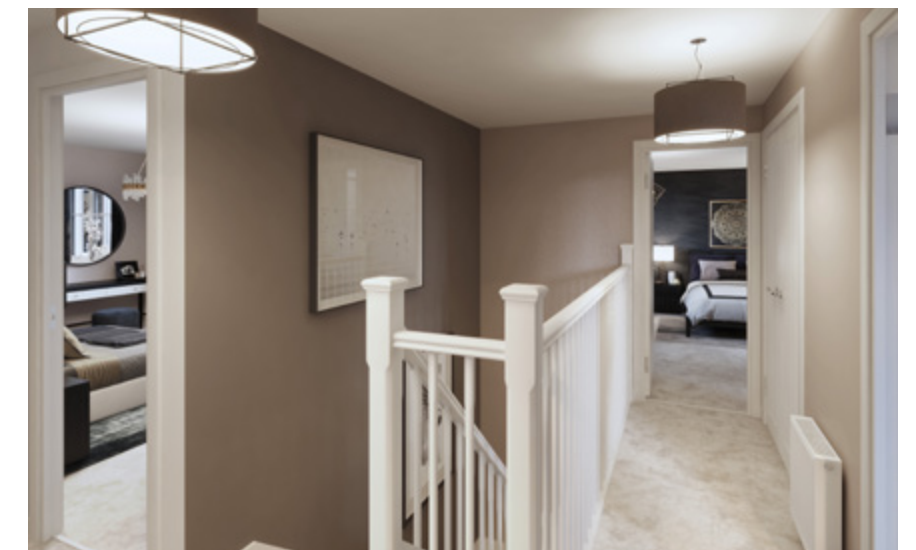

It's the little touches that count. The way you choose to adorn it and apply your own style. That's where the fun really starts, transforming a house into a home. Your home, through and through.

Buying a new build is often compared with a blank canvas. You're the artist and together we can help you with the broad brush strokes. The composition of the interior space and the design choices you make will affect the look and feel. Then, the rest is up to you.

The Barley is the perfect canvas for your interior and design inspiration. Traditional and welcoming on the outside, stylish and modern on the inside. With a generous L-shaped kitchen/breakfast area, separate dining room, good sized living room and four bedrooms. Offering the space you need to adapt rooms and reinvent how you live your life.
