

Explore your

TRAVEL OPTIONS

To help you get used to the surrounding area and how best to get around, a Travel Information Pack will be given to you once you've moved into your new home. The pack has been created to make travelling to and from your new home as easy as possible.

The pack will also outline options that are available to you, so that you can evaluate and choose the most sustainable option including:

*Walking and
cycling information*

*Local amenities
and services*

*Public transport -
bus and rail information*

*Additional information
and handy websites*

Walking and cycling information

Included in the pack will contain information about discounts at local cycle shops and information about how you can claim some money back on bus and train tickets.

Local amenities and services

As a result of the good pedestrian infrastructure within Cheriton, a number of services can be readily accessed on foot, all within a 15-minute walk.

Public transport - bus and rail information

The development has many bus stops providing regular links to Folkestone town centre, Ashford, Canterbury and the surrounding areas. Folkestone West railway station is also located close to the development and provides regular links to London via the high speed service.

Additional information and handy websites

Once you've moved in, you will be offered the opportunity to have a meeting with the Travel Plan Co-ordinator for the development to answer any questions you may have on planning your journeys.
