

## What's happening in Glenboig?

We would like to take this opportunity to confirm that a programme of infrastructure work will start from Monday 20 September 2021. This is in preparation for construction of our new homes at Garnqueen Farm, off Main Street in Glenboig, which we expect to start later this year.

Please be reassured that all work will be completed as part of the current planning consent that we have in place from North Lanarkshire Council.

All future updates will be provided on our website – please go to [www.taylorwimpey.co.uk/glenboig](http://www.taylorwimpey.co.uk/glenboig) to register your details.

Our work in Glenboig includes a significant earthworks and grouting programme. We do anticipate there may be some noise disturbance while this work is completed within our approved hours of operation. Please accept our apologies in advance if this affects you.

Please be assured that health and safety is our number one priority, and we are working closely with our contractor to minimise any disruption or inconvenience to you. We will closely monitor all activity, paying particular attention to those households closest to the border of the development, to ensure that work at our development progresses as smoothly as possible.

Work to establish a secondary permanent access into our development off Garnqueen Crescent is planned to start in early October 2021. We expect that temporary traffic management measures will be needed and our anticipated timescales for completion of this phase of work is just a few weeks.

We apologise in advance for any inconvenience that you may experience while we complete this essential programme of work.

Please be assured it is our aim to minimise any inconvenience to you.

Our contractor's core working times are 8.00am to 7.00pm Monday to Friday and 8.00am to 1.00pm on Saturday, with no working permitted on Sunday.
